

LEGAL AND ADDITIONAL INFORMATION

THE NEW
BUSINESS
EXPERIENCE

SAMSUNG.
PRINTING INNOVATION.

In modern society, keeping up with technology is critical to the success of any business or the productivity of any individual. The choice of technology can be the difference between survival and leadership.

As the workplace becomes more digitized and the workforce becomes more mobile, the printer and copier device must also adapt and evolve.

Printer technology and satisfaction lags the electronics innovation most employees expect. Nor has there been any major entrant to help shake change.

Until now.

Samsung is applying its ingenuity to develop breakthrough printing solutions that ignite productivity. Only Samsung has the electronics expertise to design and build a printer that fits the way society works today.

Printing for the modern world has arrived.
Samsung is printing innovation.

About Samsung Electronics Co., Ltd.

Samsung Electronics Co., Ltd. is a global leader in technology, opening new possibilities for people everywhere. Through relentless innovation and discovery, we are transforming the worlds of TVs, smartphones, tablets, PCs, cameras, home appliances, printers, LTE systems, medical devices, semiconductors and LED solutions. We employ 286,000 people across 80 countries with annual sales of US\$216.7 billion. To discover more, please visit www.samsung.com.

Real value. True performance.
Always make the right impression
by using genuine Samsung supplies.

The New Way of Printing, Innovated for Smarter Business

THE NEW
BUSINESS
EXPERIENCE

SAMSUNG.
PRINTING INNOVATION.

SAMSUNG

GO BEYOND YOUR WORK CAPABILITIES WITH SMART PRINT INNOVATION

Take business performance to a new level with smart printing

To keep up with the fast-paced business world, businesses today are embracing bring-your-own-device (BYOD) policies. This is leading to more efficient, seamless operations and highly productive, always-on employees using smart intuitive technology in the form of smartphones and cloud computing.

Businesses now want to extend that smart technology to all devices to gain the same level of intuitiveness and flexibility. A printer is no exception. From scanning to printing, printers are expected to have the same smart functionalities as cutting-edge mobile devices. Businesses seek smart printing solutions that can be easily managed while still delivering powerful performance at reduced costs.

Samsung's new A3 color multifunction printer (MFP) SMART MultiXpress X4300LX / X4250 LX / X4220RX provides smart usability that allows users to work faster and more efficiently using intuitive, easy-to-use controls. And with high-performance and cost-efficient features, these printers can meet the print demands of businesses that depend on heavy volume printing, while lowering total cost of ownership (TCO).

Samsung SMART MultiXpress:

WORK SMARTER USING THE LATEST IN INTELLIGENT TOUCH FEATURES

Experience SMART printing, just like using a tablet

Samsung SMART UX Center powered by Android™

Convenient Applications & Widgets

SMART Touch

Touch to print, just like on a tablet

The SMART MultiXpress X4300LX / X4250 LX / X4220RX provides innovative usability through Samsung SMART UX Center as the very first Smart Android printing UX. Samsung SMART UX Center is a printing UX based on the Android OS and the first of its kind in the printing industry.

This user-friendly UX provides intuitiveness, usability and extensibility at the same time, which ensures perfect compatibility with various Android-based smart devices.

Enjoy preloaded applications and widgets

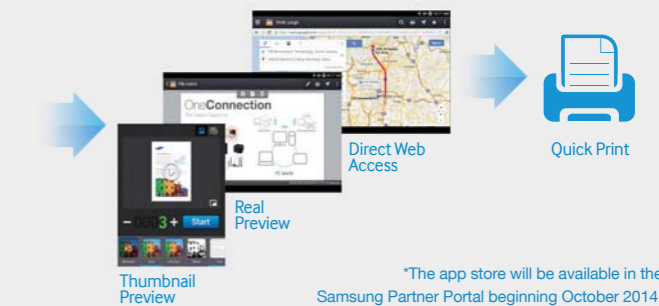

Printing applications are preloaded, including Copy, Scan/Send, Box, Job Status, Counter, Settings, Build Job, Address Book and Help, which provides users with more convenient usability. Plus, there are custom widgets for creating instant, one-tap access to frequently used functions.

SMART Use

Expand use with independent functions and extensibility

The interface also provides the Real Preview function from the preloaded applications, such as Copy, Send and Box. You can further extend usability with direct web access through the web browser to quickly print various web content, such as maps, pictures, emails and more without a PC.

Plus, you can access more useful features and solutions by downloading them through the Samsung printing app store.*

*The app store will be available in the Samsung Partner Portal beginning October 2014.

SMART Manage

Personalize the UX through My Page

Enhance the UX by arranging and managing the environment by user with My Page. Simply customize the My Page settings and Quick Menu for each user and you can keep track of an individual's usage, control accessibility and more.

Create custom apps and UIs in a snap

Administrators can create quick custom apps directly on the devices. Instantly respond to different customers with one click by customizing the UI configuration in a maximum of a minute.

PROCESS PRINTS AND SCANS AT SUPER-FAST SPEEDS WITHOUT SACRIFICING QUALITY

Boost productivity with ultra-fast performance

Work fast, wait less

Scan at ultra-high rates

SMART MultiXpress X4300LX / X4250 LX / X4220RX printers are equipped with Dual-Scan ADF¹ technology, enabling them to deliver ultra-high, best-in-class scanning speeds. These workhorse MFPs can scan up to 80 single-sided images per minute (ipm)², up to 100 double-sided ipm³ for color and up to 120⁴ double-sided ipm for mono.

Faster print processing with zero fuss

SMART MultiXpress X4300LX / X4250LX / X4220RX prints at fast speeds of up to 30 pages per minute (ppm)⁵. A 1 GHz dual-core CPU provides the power and capacity to accomplish print and copy jobs of any size or complexity swiftly. Businesses can work smoothly and operate at a much more efficient level with high-performance speed printing.

Color Trapping

Edge Enhancement

Composite Color Reduction

De-screening

Get sharper-quality print output

Samsung's unique Rendering Engine for Clean Page (ReCP) technology delivers professional-quality output with sharp text and clean images, ensuring a perfect-looking printout every time. The innovative technology automatically sharpens the focus of both graphics and text. And with a superior resolution of 1,200 x 1,200 effective dpi, your scans, printout and company will always look professional.

¹ Dual-Scan ADF is available on the X4250LX and X4300LX models only.
² 80 single-sided ipm is available on the X4250LX and X4300LX models only.
³ 45 single-sided ipm is available on the X4220RX model only.
⁴ 100 double-sided ipm for color is available on the X4250LX and X4300LX models only.
⁵ 18 double-sided ipm is available on the X4220RX model only.
⁶ 120 double-sided ipm for mono is available on the X4250LX and X4300LX models only.
⁷ 30 ppm is available on the X4300LX model only.
⁸ 25 ppm is available on the X4250LX model only.
⁹ 22 ppm is available on the X4220RX model only.

Ultra-fast dual scan
Up to 120 ipm

Fast print speed
Up to 30 ppm

Dual Core Core
1GHz Dual-Core CPU

MANAGE OPERATIONAL EXPENSES THROUGH COST-EFFICIENT ATTRIBUTES

Lower your TCO with cost-efficient solutions and supplies

Do more jobs, spend less

Create the printing environment that suits your needs with customized, cost-efficient solutions

Samsung's Business Core™ Printing Solutions (BCPS) work as efficiently as you do by providing cost-effective and secure print operation, increasing productivity and simplifying management. These solutions require no dedicated server and IT resources and reduce unnecessary printing and supply use, lowering total cost of ownership (TCO). These essential printing solutions include:

Business Core Printing Solutions	Benefits
SecuThru™ Lite 2	Enhances document security and reduces costs with user authentication
Secure Login Manager	Guards valuable data and devices from unauthorized use
SmarThru™ Workflow Lite	Increases productivity with an automated workflow solution
Cloud Connector	Scans to and prints from the cloud with easy, secure access
Usage Tracker	Controls printing expenses by easily tracking device usage per user

For further customization, numerous certified partner solutions are available through the Samsung XOA platform.

The Samsung Wireless & NFC printing option* can be added to support various mobile printing solutions with just a tap, including:

- **User authentication:** Enable authorized users to tap and print to a Samsung MFP from their mobile devices.
- **Secure printing:** Authorize secure release of documents held in the printer's memory with the BCPS and just a tap on your mobile device.
- **Easy wireless setup:** Configure wireless (IP) print setup from your mobile device without complicated activation steps with just a tap.
- **Device cloning:** Clone standardized functions of an MFP with just a tap on your mobile device.

*The Wireless & NFC option will be available beginning October 2014.

Save resources with low total cost of ownership (TCO) printing

Businesses can handle heavy printing volumes while reducing labor costs with the X4300 Series' ultra-high-yield toner cartridges and drums. Flexible options range from toners that yield 20,000 standard pages for color to 23,000 for black and white, while drums yield 100,000 standard pages. These long-life consumables ensure businesses get the most out of their resources, resulting in lower TCO.

CUSTOMIZE YOUR MFP WITH A FLEXIBLE PRINT SOLUTION

Select from a range of options to create a tailor-made MFP

Configurable devices for optimized performance

Businesses of varying sizes and industries can meet their specific needs with the SMART MultiXpress X4300LX / X4250 LX / X4220RX's unique configuration capabilities. Factory-provided modules serve as a basis upon which differing components are chosen along with a wide array of optional components.

Configurations & Options

Finisher

- 550 sheet capacity
- Right, center, left stapling up to 50 sheets

Job Separator

- Ext. output stacker
- 125-sheet capacity

Dual Fax Kit or **Fax Kit**

Additional Network Kit or **FDI Kit**

Dual-Cassette Feeder or **Stand**

- 1,040 sheet capacity
- Paper empty / size detection
- Cabinet stand

Wireless & NFC Option*

- IEEE 802.11 b/g/n
- NFC (Active type)

*Available beginning October 2014.

**DSDF (standard)
Dual Scan Automatic Document Feeder**

- X4300LX / X4250LX

**RADF
Reverse Automatic Document Feeder**

- X4220RX model only

- 100-sheet capacity
- Single-pass 2-sided document scanning
- Paper empty / width / length detection

Multi-purpose Table or **Working Table**

Samsung Multifunction **SMART MultiXpress** X4300LX | X4250LX | X4220RX
